# A School for You

## Dear Prospective Pupil

We are delighted that you are considering Castledeorghigh school - the school which can not only drive you towards success but also be your school family for the next five or seven years. Now is a key time for you as a young person. It can be a nervous time, but I encourage you to be excited about the new opportunities that lie ahead. I can assure you if you are considering Castledeorghigh School you have every reason to be excited!

The most important thing in our school is you. The pupils! Here, in our school we place so much value on your voice as a student and that is shown as teachers are always happy to listen to you; whether it be about how you are settling in or if you need help in your classes. Our Student Council is the gem of student voice and is something we are incredibly proud of. Each form class votes for a Main and Deputy Representative to express your views to not only other students but teachers and even our Principal, Mrs. Cashel, who meets with us to discuss the running of our school.

The achievements of our Student Council alone show how much value is placed upon your voice. The Student Council decides what charities we raise money for and has introduced new quarter zips, tracksuits and leggings for PE which are very popular. In addition, we have launched numerous projects to help make the school a greener space. One of our biggest successes saw us not only start discussions about new PE changing facilities but follow the works through to the completion of modern, up-to-date facilities to ensure our sporting success grows even more.

If you want a school which listens to you and values your voice Castledeorghigh School is the school for you! Take the next step and join our school family. I didn't regret it, and neither will you!

**Matthew Spratt**  
Student Council Chairperson & Deputy Head Boy.

## I am delighted to welcome you to Castleberg High School –

a happy school that young people love to attend and that offers a great educational experience of exceptional quality. With a child-centred approach, based on the values of respect, kindness, responsibility, and willingness to learn, we are committed to supporting each young person to achieve personal excellence, thus empowering them towards their best possible future. It is little wonder, therefore, and a testament to the high-quality provision on offer here at Castleberg High School, that our enrolment is at the highest it has ever been in the history of the school.

We pride ourselves on meeting the needs of each pupil and challenging them to be the best they can be within a warm, supportive, caring environment based on the sound Christian values that underpin our strong pastoral ethos. Good relationships are at the heart of our school so young people feel secure in their learning and development, seeking help and advice when necessary and responding positively to the guidance of our highly dedicated staff, both teaching and non-teaching, who work tirelessly for the benefit of each child in their care. It is by feeling secure in this positive, ordered learning environment that our young people gain confidence and flourish.

Alongside superb standards of teaching and learning, the school offers extensive curriculum choice along a variety of pathways tailored to individual need whether academic, vocational or a combined approach. Students have the opportunity to study rigorous academic courses like GCSE Further Mathematics as they would in any grammar school, or if they are more suited, Occupational Studies or the Princes Trust are taught with equal

emphasis on securing personal success. This is a school where the achievements of all matter, are celebrated and lead to the best possible career prospects.

As such, Castleberg High School, holds a strong reputation as a high performing post-primary school that is a school of choice for many Year 7 children of all abilities in West Tyrone and North Fermanagh. Year on year, more Year 7 pupils are transferring to us with high AQE scores, or none – Castleberg High School being their first choice, hence our unprecedented and ever rising enrolment. We invite you to put your trust in us to deliver for your child too as we enjoy the ongoing valued support of parents and carers along with the wider community.

In fact, you can be assured that we will take every step possible to ensure that your child feels supported as they transition to become part of our Castleberg High School family. Moving forward, this will involve small group visits in June, two induction mornings solely for Year 8 in August, the first of which also includes a welcome and information

session for parents. Our key aim is that all pupils, and their parents, feel confident and at ease when the first full day of Year 8 arrives, and that the day itself is a successful and happy one for each child. Beyond the first day, Year 8 pupils generally settle in surprisingly quickly due to the ongoing support led by our Transition Co-ordinator, Mrs Spratt, and the Year 8 Pastoral Team.

This prospectus offers you an insight into the rich and diverse educational experience that is enjoyed by our current pupils and awaits your child too. As a school we pride ourselves in being welcoming, so please do not hesitate to contact us if you would like to talk to us to get more information or answer a query. I hope you enjoy reading our prospectus, that it gives you a flavour of the high-quality educational experience all our pupils receive and that it confirms Castleberg High School will be the school for you.

With Every Best Wish for the Future

## Our Aim

The primary aim of Castleberg High School is to provide a well-ordered and caring environment in which all members of the school community can work cooperatively in the pursuit of all aspects of educational excellence.

# *A School That Inspires Excellence*

Castleberg High School is renowned within the community as a high performing school that inspires excellence. We consider it a great privilege to be entrusted with the education of each young person who joins us and as a staff we strive towards excellence in all aspects of our delivery for them. By optimising learning outcomes we hope to help them secure bright prospects for the future.

This atmosphere of motivation pervades the school. Students recognize the drive and commitment of staff for each one of them to do well. This in turn builds confidence in each young person. When they believe in themselves as learners, and know that the staff are there to support them throughout the learning journey. They rise to the challenge and achieve results that they, their parents, the school and the wider community can be proud of.

All young people are individuals, and consequently the potential exam performance within each year group varies to some degree. Nonetheless, as a school Castleberg High School has firmly established a trend as a high performing school that delivers excellent exam results. This fact underlines our high reputation as a school within the community.

Our status as a non-selective school is no barrier to the ambition that we hold for each young person who joins us. Our curriculum, teaching approaches, and pastoral systems are designed, and indeed proven, to deliver for all students, irrespective of their ability. We delight in the individual achievement of each young person.

Castleberg High School pushes you to achieve your full potential and with the support from teachers and staff I was able to sit my exams with confidence and a positive mindset. Achieving 6A\*s and 5 As in my GCSEs was one of my school highlights and this opened up a number pathways I could choose from. This choice can be overwhelming and confusing but with the huge support system available, the transition from KS4 to KS5 went smoothly. I am now studying A Level Maths, Chemistry and Single Award Health and Social Care. I am in no doubt that the excellent support offered by Castleberg High School will continue through the transition to higher education.
