

Mrs Wilson was delighted when Year 8 pupil Lennox brought her an exceptional piece of work! (Please see below.) Lennox showed extreme initiative and drive when, entirely off his own bat, he created a flyer at home for all P7 pupils to let them know there is no better school to choose!

Lennox outlines his own experience and he makes it very plain how much he is enjoying his time here at Castledearg High School!

We are very proud of Lennox, who is displaying how committed he is to his school and our CHS family - so much so he wants to make sure everyone knows!

If you are a P7 making a choice make sure you read this - it is from the heart! ♥

Well done Lennox! A leader in the making!

Hello to all P7 pupils

FROM THE PUPILS OF

CASTLEBERG HIGH SCHOOL

'THE BEST SCHOOL'

Thank you for considering Castleberg High School as your new secondary School....

As a Year 8 pupil at the school, I was in your position deciding where to go after P7 last year, it is a very big decision to have to make but one I don't think you will regret if you choose Castleberg High School.

Unfortunately, due to COVID restrictions I was unable to go and look around the school's last year and meet the teachers and pupils like other years. However, Castleberg High School had that covered with an interactive virtual tour on the school web site, if you haven't tried it I would advise you to give it a go it helps you to get a feel for Castleberg High School and hear from the pupils and teachers.

Castleberg High School is a fantastic school, and everyone makes you feel really welcome. The teachers and all the staff are really friendly and help you to get settled into your new surroundings as you start secondary School.

The school offers a lot of interesting subjects, and after school clubs from football, rugby, hockey, technology and design club. These clubs and activities are really fun.

The school has a school council which is run by pupils in all year groups, giving the pupils their say in the school.

I am really enjoying my time in Castleberg High School and have made loads of new friends from different schools.

So, if you are undecided on which school to go to in September I would definitely recommend you give Castleberg High School some thought.

If you want a school that makes you feel welcome, and that the teachers will work with you to achieve the grades that you want then come and join our Castleberg High School Family.

We hope to see you all soon.
